INDEX
I. Preparation p.1
II. Network connection p.1-2
III. Visitor registration and Sign-on p.3
IV. Troubleshooting p.4

I. Preparation
Please be ready with the following information in your hand: Information will be provided by the event organizer.

A. Name of the Wi-Fi network (SSID)
B. Network password (security key)

II. Network connection

II-1. Windows 11
1. Click the Network icon on the taskbar
2. Click “>” for Wi-Fi connection
3. Select the name of the Wi-Fi network A notified by the organizer and click “Connect”
4. Enter the network password B notified by the organizer and click “Next”

II-2. Windows 10
1. Click the Network icon on the taskbar
2. Select the name A of the Wi-Fi network notified by the organizer and click "Connect"
3. Click [Connect]
4. Enter the network password B notified by the organizer and click [Next]
**II-3. macOS**

1. Click the Wi-Fi icon in the menu bar.
2. Click the name of the Wi-Fi network notified by the organizer.
3. Enter the network password notified by the organizer and click [Join].

---

**II-4. iOS/iPadOS**

1. From the home screen, tap Settings > Wi-Fi.
2. Turn on Wi-Fi and tap the name of the Wi-Fi network notified by the organizer.
3. Enter the network password notified by the host and tap [Join].

---

**II-5. Android**

1. Open the Settings app and tap Network & Internet.
2. Tap [Internet].
3. Turn on Wi-Fi and tap the name of the Wi-Fi network notified by the host and tap [Connect].

(?) If the Wi-Fi network notified by the organizer is not displayed, please check with the organizer about the available area.
III. Visitor registration and Sign on

1. (1) When connected the network, launched browser will display "Guest Portal" automatically. (2) For the first time, click [Or register for guest access]

(?) If you see a security message such as "Your connection isn’t private" or "Unable to verify of the website" when connecting to the network in II, please refer to "IV. Troubleshooting".

2. (1) A registration screen appears. (2) Enter all items and click [Register]

3. (1) Once your account is created, you will see the username you entered and the password generated, so make a note of it. (2) Click [Sign On]

(!) Your account information will also be sent to the email address you entered in an email titled "ゲストアカウントの資格情報".

4. (1) Enter the username and password you wrote down (2) Click [Sign On]

5. If you connect the network at the first time, the display will be shown “Acceptable User Policy”, Please check the contents and click [Accept]

6. "Change Password" is displayed for the first time, so enter the password you wrote down and the new password (arbitrary character string) and click [Submit]
IV. Troubleshooting

Q1
When I connect to the network in II, I get a security message such as "Your connection isn’t private" or "Unable to verify of the website", and the "Guest Portal" screen in III does not appear.

A1
A security certificate warning may appear. Take the following action for each OS.

<table>
<thead>
<tr>
<th>OS</th>
<th>Warning screen and countermeasures</th>
</tr>
</thead>
<tbody>
<tr>
<td>Windows11</td>
<td>![Warning Screen]</td>
</tr>
<tr>
<td>Windows10</td>
<td>![Warning Screen]</td>
</tr>
<tr>
<td>macOS</td>
<td>![Warning Screen]</td>
</tr>
<tr>
<td>iOS</td>
<td>![Warning Screen]</td>
</tr>
<tr>
<td>Android</td>
<td>![Warning Screen]</td>
</tr>
</tbody>
</table>

1. Click [Advanced]
2. Click [Continue to XX.XX.XX.XX (unsafe)]

Q2
I closed the guest registration screen before completing guest registration.

A2
If you close the guest registration screen before completing the guest registration in III after completing the network connection in II, you can open the screen again by following the steps below.

<table>
<thead>
<tr>
<th>OS</th>
<th>What to do</th>
</tr>
</thead>
<tbody>
<tr>
<td>Windows11</td>
<td>![Steps]</td>
</tr>
<tr>
<td>Windows10</td>
<td>![Steps]</td>
</tr>
<tr>
<td>macOS</td>
<td>![Steps]</td>
</tr>
<tr>
<td>iOS</td>
<td>![Steps]</td>
</tr>
<tr>
<td>Android</td>
<td>![Steps]</td>
</tr>
</tbody>
</table>

If the welcome message is displayed, sign-on is complete.
